

Professional Services

SCIENCE. TECHNOLOGY. SYNCHED. SOLVED.

We take a solution-oriented approach to achieve organizational efficiencies and collaborate with our clients to advance automation and technological innovation.

Since 1992, IBSS, a woman-owned small business, has provided management and professional services to the Federal defense, civilian, and commercial sectors. Our services include cybersecurity and enterprise information technology, environmental science and engineering (including oceans, coasts, weather, and satellite), and management and professional services.

We measure our success by the positive impact we have on our employees, clients, partners, and the communities we serve. Our tagline, Powered by Excellence, is a recognition of the employees that make up IBSS and ensures we deliver results with quality, applying industry best practices and certifications.
